

PROJECT MANAGEMENT SUCCESS A VIEW FROM THE FUTURE

Sean Pollonais

Bio

Sean is an experienced Information Security Consultant adept at helping organizations achieve cost effective compliance whilst minimizing disruption to the wider business.

Sean worked extensively across numerous industry sectors including retail, utility and legal where he developed solutions that protect information across its life cycle accommodating business expansion and the deployment of newer technologies.

He currently operates as an Independent Contractor (and has done since 2003) delivering assignments for leading organizations such as John Lewis, Ofcom and Anglia Water.

He has a real passion for information security and his deep experience of security compliance on a global level enables him to add significant value to organizations in terms of consultancy and delivery.
