

Dr. Carl Allamby is an Emergency Medicine Resident Physician at Cleveland Clinic Akron General. He specializes in life saving techniques and the prevention of illness and injury progression. However, this was not always his job. He used to be a business owner and professional automotive technician for 25 years but gave up this career to pursue a lifelong dream. He was also the keynote speaker for the Dr. Martin Luther King Jr. Day events at Cleveland Clinic and The Akron Urban League for 2020. Medscape named him as one of the best physicians for 2019 and he consistently receives letters and messages from across the world from people who have been inspired by his story.
