

As a Solutions Architect for Relias, Theresa Raines works with post-acute care organizations to tailor the Relias Learning Management Systems to their needs. She has over 15 years of training and development experience focused on improving employee engagement and quality. Throughout her career she has worked with Human Resource, Compliance, Clinical Education, and IT executives to improve onboarding, continuing education, and professional development.

Theresa received her MBA from Indiana University and is a long-time member of the Association for Talent Development (ATD). She is married with two children, both nurses. In her spare time, she enjoys painting and hiking.
