

Welcome to the

Recertification Virtual Conference

Agenda

Join us on May 22 at our live virtual conference to prepare for the Recertification exam!

You'll be in community with thousands of ProAdvisors and have the chance to learn from expert trainers. Plus - the conference is free, and you can even earn CPE credit.

IMPORTANT:

- If you plan to recertify on QuickBooks Online, join us at Session 1.
- For those recertifying on Advanced Quickbooks Online, join us at Sessions 1 and 2.

The annual Recertification window is open from now, until June 30th. To find out if you need to recertify, login to QuickBooks Online Accountant and head to the ProAdvisor Training tab.

Virtual Conference: Session 1

QuickBooks Online Recertification Exam Prep

Description

The annual Recertification window is open, so it's time to pass a short exam by June 30th. This year's exam focuses on the most important innovations across the QuickBooks Online ecosystem released over the past year.

Staying knowledgeable about these updates will help you best serve your clients, and ensure that they're making the most of their subscription.

We're glad you're here to prepare. In this webinar, you'll learn from expert trainer Carla Caldwell about the new and enhanced features of QuickBooks Online including updates to chart of accounts templates, Ledger, Bill Pay, and more.

Learning Outcomes

- Identify the most important new and enhanced features of QuickBooks Online released between August 2023 - March 2024.
- Recognize new product SKUs, including Ledger and Solopreneur
- Describe updates to QuickBooks Time, Payroll, Payments, and Bill Pay

IMPORTANT:

- For those recertifying on **Advanced Quickbooks Online**, join us at both Session 1: QuickBooks Online Recertification AND Session 2: Advanced QuickBooks Online Recertification test prep.

Details

- Level: Intermediate
- Prerequisites: Achieved QuickBooks Online certification prior to Nov. 1, 2023 and have not yet completed the recertification exam - due June 30, 2024
- Delivery Method: Group-live internet
- Field of Study: Computer Software & Applications - Non-Technical
- Course Length: 80 minutes
- Recommended CPE: 1.5

Note: This event does not support partial credits. Please email accountant_training@intuit.com for questions regarding CPE. If you require product assistance or technical support, please contact the CARE team 1-888-333-3451.

Virtual Conference: Session 2

Advanced QuickBooks Online Recertification Exam Prep

Description

The annual Recertification window is open, so it's time to pass a short exam by June 30th. This year's exam focuses on the most important innovations across the QuickBooks Online ecosystem released over the past year.

Staying knowledgeable about these updates will help you best serve your clients, and ensure that they're making the most of their subscription.

We're glad you're here to prepare. This webinar builds on Session 1: QuickBooks Online Recertification Exam Prep and dives deeper into the features of QuickBooks Online Plus and Advanced. The training also touches on enhancements to reports, as well as updates to the 1099 preparation process.

Learning Outcomes

- Identify QuickBooks Online Plus and Advanced feature updates that were released between August 2023 - March 2024.
- Recognize updates to reports in QuickBooks Online Advanced
- Describe the updated 1099 preparation process

IMPORTANT:

- For those recertifying on **Advanced Quickbooks Online**, join us at both Session 1: QuickBooks Online Recertification AND Session 2: Advanced QuickBooks Online Recertification test prep.

Details

- Level: Advanced
- Prerequisites: Achieved Advanced QuickBooks Online Certification prior to Nov. 1, 2023 and have not completed the advanced recertification exam - due June 30, 2024
- Delivery Method: Group-live internet
- Field of Study: Computer Software & Applications - Non-Technical
- Course Length: 75 minutes
- Recommended CPE: 1.5

Note: This event does not support partial credits. Please email accountant_training@intuit.com for questions regarding CPE. If you require product assistance or technical support, please contact the CARE team 1-888-333-3451.
